You know what time it is.
You Know what time it is.

Shake that, work that-
Bounce that, Baby girl bring it back.
Money maker, shake your money maker-
A dollar bill, I have many, come and take it.
Shake that, work that-
Bounce that, Baby girl bring it back.
Money maker, shake your money maker-
A dollar bill, I have many, come and take it.

Verse 1:

A minute I Know, You see I'm back, I'm on the scene-
Why I'm here, I came to see you do your thing.
Back it up, make it clap, go slow-
Baby girl stop talking, work the pole.
For the king, lay back, high heel in the air-
Do it for the big man, act a fool, I don't care.
Do what you do, break it down, that's the move-
Later on, you know its me and you.

Chorus:

Shake that, work that-
Bounce that, Baby girl bring it back.
Money maker, shake your money maker-
A dollar bill, I have many, come and take it.
Shake that, work that-
Bounce that, Baby girl bring it back.
Money maker, shake your money maker-
A dollar bill, I have many, come and take it.
