Verse 1 we're on a bender now we just don't care

The smell of sex and bourbon in the air
We're walking zombies in our underwear
U wanna loose ur mind, we'll take U there!

Pre so we go downtown and we take it underground
It's a lo-fi show, with a supersonic sound!
And we drop! we lock! we know its gonna rock
We stop the clock, gonna take it round the block!

Chorus lets make some noize! lets make some noi oi
oi, oi oi oi oize
lets make some noize! lets make some noi oi oi, oi oi
oi oize
lets make some noi oi oi, oi oi oi oize
lets make some noi oi oi, oi oi oi oize

Verse 2 we got a fever as we hit the floor
Don't notice people coming thru the door
So many freaks I've never seen before (I love it!)
Been here for hours but I still want more!

Pre 2 coz we go downtown where we got it
underground
It's my lo-fi show, with the supersonic sound!
And we drop! we lock! they know its gonna rock
I stop the cops, from breaking thru the locks!

Chorus

Bridge It's a night you will never remember
With friends you will never forget!
It's our life so we're gonna pretend that
We're as big as the sound in our head!
We've got rules that we've broken before
Gonna scream shout, let it all out, turn it up loud
Coz we want more, we want more, we want more!..

Pre and we go downtown where we got it underground
It's a lo-fi show, with a supersonic sound!
And we drop! we lock! we know its gonna rock

We stop the clock, coz we just donâ€™t give a ****

Chorus
