Verse 1 youâ€™ re picture tells a thousand words
You touch my hand, but itâ€™ s not hers
My tears are filled with eyes
They watch you kiss while feelings hide

Pre it could be you and I tonight
Watch us dance as the world collides

Chorus wont you love me, wont you love me
wont you love me coz lâ€™ m miss behaved
wont you love me, wont you love me
wont you love me coz lâ€™ m miss behaved

Verse 1 Your story, has the Prince of Cups
Tell the Queen of Swords, you've had enough
I saw you as she pushed away
So many things I could not say

Pre it could be you and I tonight
And weâ€™ ll leave the world behind

Chorus wont you love me, wont you love me
wont you love me coz lâ€™ m miss behaved
wont you love me, wont you love me
wont you love me coz lâ€™ m miss behaved

Bridge between the head and hands must be the heart
To mediate it only then must start x 2

Pre it could be you and I tonight
And weâ€™ ll leave the world behind

Chorus
