You beat me down and I crawl on the floor  
You lift me up and I'm begging for more  
You know by now what I fucking abhor  
Don't ever stop, it's never enough

You fill my heart with your terrible lies  
And then again I see truth in your eyes  
You always know what I fucking despise  
Don't ever think it's too much, too much

Come on, come on, come on, come on rule me  
You hold my life in one hand  
Come on, come on, come on, come on fool me  
So many things to pretend

Kiss me, rape me  
Deflorate me  
Love me, trick me  
Come and kick me

You scrape my scar and you scratch on the nerve  
You make it heal and I'm begging to serve  
You know the best what I fucking deserve  
Don't ever stop, it's never enough

You've got the cure and I'm begging you please  
Come fill me up with another disease  
You'll always be such a fucking release  
Don't ever think it's too much, too much

Come on, come on, come on, come on rule me  
You hold my life in one hand  
Come on, come on, come on, come on fool me  
So many things to pretend

Kiss me, rape me  
Deflorate me  
Love me, trick me  
Come and kick me

Go  
Go

Go  
Go

Kiss me, rape me  
Deflorate me  
Love me, trick me  
Come and kick me

Kiss me, rape me  
Deflorate me  
Love me, trick me  
Come and kick me

Go  
Go  
Go  
Go

Kiss me, rape me  
Deflorate me  
Love me, trick me  
Come and kick me

Kiss me, rape me  
(You give me reason to live)  
Deflorate me  
(You give me anything)  
Love me, trick me  
(You give me reason to live)  
Come and kick me  
(You give me anything)

Go  
Go  
Go  
Go
