Get them off my cloud
Get them off my eyes
Get them off my house
Get them off my sight

Get them out because I abhor them
Get them out and I can't ignore them
Get them out because I could kill them
I'm sure I could

Get them out because I despise them
Get them out or I'll atomize them
Get them out because I could kill them
I'm sure I would

H A T E, love me
H A T E, fuck me
H A T E, rule me
Hate hate hate

Come hate come, eat me up
Hate sweet hate, never stop
Come hate come, fuck me up
Hate sweet hate, self-destruct

Come hate come, eat me up
Hate sweet hate, never stop
Come hate come, fuck me up
Hate sweet hate, self-destruct

Get them off my mind
Get them off my veins
Get them off my dreams
Get them off my brain

Get them out because they have used me
Get them out because they abused me
Get them out because they have killed me
They have eaten my heart

Get them out because they have raised me
Get them out because they erased me

Get them out because they have killed me
And they tore me apart

H A T E, love me
H A T E, fuck me
H A T E, rule me
Hate hate hate

Come hate come, eat me up
Hate sweet hate, never stop
Come hate come, fuck me up
Hate sweet hate, self-destruct

Come hate come, eat me up
Hate sweet hate, never stop
Come hate come, fuck me up
Hate sweet hate, self-destruct

Come hate come, eat me up
Hate sweet hate, never stop
Come hate come, fuck me up
Hate sweet hate, self-destruct

Come hate come, eat me up
Hate sweet hate, never stop
Come hate come, fuck me up
Hate sweet hate, self-destruct
