Make me weep until I'm blind
Let me sleep, my teeth won't grind
Take my breath until I feel
Beat my chest, I'm broken

Burn my world
You turn the wheel, my world
Until I feel my world
Don't try to heal my world
Nothing is real

Nothing is real, nothing is real
Nothing is real, nothing is real
Nothing is real, nothing is real
Nothing is real, nothing is real

Let me drink until I find
You've always been on my mind
Cut my skin until I feel
Everything is broken

Burn my world
You turn the wheel, my world
Until I feel my world
Don't try to heal my world
Nothing is real

Burn my world
You turn the wheel, my world
Until I feel my world
Don't try to heal my world
Nothing is real

Nothing is real
Nothing is real
Nothing is real
Nothing is real

Burn my world
You turn the wheel, my world
Until I feel
Don't try to heal my world
