Europe, Europe  
Wake up, wake up  
Can't you see your children lined up  
On the edge of the abyss they wait?

Europe, Europe  
Fucked up, fucked up  
Scared to go to sleep, they stay up  
Prisoners of fate

Lalelu  
Someone's got their eye on you  
Now the poorest kids are sleeping  
You should sleep too

Lalelu  
And the little hearts freeze through  
When the other kids are calling  
You're worthless too

Sandman, Sandman  
Please put out the lights  
The truth is a big scam  
So let me dream tonight

Sandman, Sandman  
Stand here by my side  
Sprinkle stardust into my eyes  
And let me sleep 'til I die

Europe, Europe  
Wake up, wake up  
Can't you see your children hate us?  
Slowly, surely they are damned to fail

Europe, Europe  
Pumped up, pumped up  
Like a big casino gone bust  
Everyone's for sale

Lalelu  
Someone's got their eye on you

Now the poorest kids are sleeping  
You should sleep too

Lalelu  
And the little hearts freeze through  
When the other kids are calling  
You're worthless too

Sandman, Sandman  
Please put out the lights  
The truth is a big scam  
So let me dream tonight

Sandman, Sandman  
Stand here by my side  
Sprinkle stardust into my eyes  
And let me sleep 'til I die

"Let them eat cake", someone said  
But all the children want is bread  
Screaming their lungs out every night  
The hunger burning deep inside

"Let them eat cake", someone said  
Until the day she lost her head  
Let me show you prosperity  
Where children long for what they need

Sandman, Sandman  
Please put out the lights  
The truth is a big scam  
So let me dream tonight

Sandman, Sandman  
Stand here by my side  
Sprinkle stardust into my eyes  
And let me sleep 'til I die
