Call my name until I clench my fist  
Fan the flame until I slash my wrist

Will you scorn me, will you break me?

Are you able to forsake me?  
Won't you finally consecrate my hate?

Bite - nothing can save me from my scorn  
Fight - nothing can spare me from my hate  
Bite - nothing can save me from my scorn  
Fight - nothing can spare me from my ...
