When will you leave your cage?  
When will you turn the page?  
When will you open the gate?  
ready to fly, ready to fly for me?

I can feel it now  
You'll make it real somehow  
When will you open fight all your hate?  
ready to fly, ready to fly for me

When will you learn to fly?  
When will you touch the sky?  
When will you kill your sorrow?  
The world is yours

When will you reach the moon?  
When will you drop the spoon?  
When will you kill your sorrow?  
The world is yours

When will you break the spell?  
When will you leave your cell?  
When will you open the door?  
ready to fly, ready to fly for me?

I can feel it now  
You'll make it real somehow  
When will you start to explore?  
ready to fly, ready to fly for me?

When will you come undone?  
When will you touch the sun?  
When will you kill your sorrow?  
The world is yours

When will you reach the stars?

When will you drop your scars?  
When will you kill your sorrow?  
The world is yours
