Come against me you gotta be clever put you to sleep
like heath ledger steez better
I get the cheddar instead of fetta
who better? compeditor?
predator rhyme editor

smooth flow like whip cream a sick dream since 16
fork in the road like a split screen
since ive seen these visions in my dreams
i become aware set on the stars another fucking
nightmare
i dont care turnin up the sample hit the snare
stare at the music notes movin through the air
breath it in exhale and let the fumes take over
put u in a coma lift you high then drop u sober
i stoke the stoogie rollie i smoke it hope it holds me
closely like my homies when returnin home from pokies
need the cash so a rap and hope a deal comes up
but get real just chill

Come against me you gotta be clever put you to sleep
like heath ledger steez better
I get the cheddar instead of fetta
who better? compeditor?
