(Verse 1)

I've been spending the day trying to  
Find a way to approach you  
My time is running out can't you see  
Cause all I want right now is you to be with me  
The pressure's on it's now or never  
I'm doing this no matter what  
It takes for us to be together

So filled with love that I can't help but  
Feel butterflies every time I look at you  
And roses never looked so red  
As I look into your eyes to see you smile at me  
But I filled myself with such false hope  
I'm standing here just to hear you say no again

(Chorus)

You can keep the bouquet of roses  
Cause I don't need you  
Or your pretty face at all  
So keep it as a memory  
Of everything that we could be  
But without you I can't breathe

(Verse 2)

Now I'm spending everyday just trying  
To figure out a way to forget you  
And how you lead me on to believe  
The slightest idea that you ever wanted me  
While my heart is breaking yours is seeking  
Another way to shatter it into pieces

She left me like there's no tomorrow  
And I can't help but think about  
How we were meant to be but you left me  
You held me down and drowned me in sorrow

(Chorus)

You can keep the bouquet of roses  
Cause I don't need you  
Or your pretty face at all  
So keep it as a memory

Of everything that we could be  
But without you I can't breathe

Our sweet moments are over so I hope you're happy  
Now you're gone and I'm out of the picture  
I'll try and move on and find somebody else  
Who gives a damn about me

(Bridge)

I don't know any more about you  
I didn't know that it would hurt this bad  
I don't wanna ever love again  
I don't wanna ever see you again

Oooohhh

I don't know any more about you  
I didn't know that it would hurt this bad  
I don't wanna ever love again  
I don't wanna ever see you again

(Chorus)

You can keep the bouquet of roses  
Cause I don't need you  
Or your pretty face at all  
So keep it as a memory  
Of everything that we could be  
But without you I can't breathe

(Outro)

Our sweet moments are over so I hope you're happy  
Now you're gone and I'm out of the picture  
I'll try and move on and find somebody else  
Who gives a damn about me
