If ya gettin' down baby  
I want it now baby  
Come and get it on baby  
I want it now baby

say number one  
say number one

I wanna take a little time  
To refresh your mind  
Because the boyz are back in town  
With a different kinda funk.  
Who's gots da funk?  
We gots da funk - right!  
Everybody wanna boogie down tonight.

Now throw your hands up in the sky  
Move 'em from side to side.  
I got what it takes  
The beats that brace the funky bass  
I'll give your body crazy shakes (come on)

I heard somebody say (what?)  
She's at the party so (huh)  
I'm gonna get me some (uhhhhhhhhhhhhhh)

If ya gettin' down baby  
I want it now baby  
Come and get it on baby  
I want it now baby

Wiggy wiggy  
I'm gettin' jiggy  
Open up the door  
Got the keys to ya city  
Ya lookin' kinda pretty  
Dance till you drop  
And it don't stop  
Til it go pop.

Dance how you wanna dance  
Let's all get down

While we got da chance  
I still got 12 seconds  
on the clock that's mine  
And I ain't gonna stop till da sun don't shine  
Line after line  
I flow like rhyme after rhyme  
Just like time after time  
Keep it up til you feel da heat  
And get down once you hear da beat  
Uh, Uh

I heard somebody say (what?)  
She's at the party so (huh)  
I'm gonna get me some (uhhhhhhhhhhhhhh)

If ya gettin' down baby  
I want it now baby  
Come and get it on baby  
I want it now baby  
[2x's]

[spoken]  
[voice 1] hey you  
[voice 2] you talkin to me  
[voice 1] show me your steel  
[Voice 1] I'll show you my eyeball technique  
Wwwwwwwwwwwwwah!  
There ain't no problem that we can't fix  
Cause we can do it in the mix  
Now if ya man gives you trouble  
We'll be there on the double  
Guaranteed we'll be hittin' for six  
(come on)

I heard somebody say (what?)  
She's at the party so (huh)  
I'm gonna get me some (uhhhhhhhhhhhhhh)

If ya gettin' down baby  
I want it now baby  
Come and get it on baby  
I want it now baby  
(Repeat until end)
