Inspector Gadget

Go Mr. Gadget, go that's the name

Spell it out till it don't sound the same

It's the G A D to the G E T

Gadget on the mic wanna rock with me

Yo, stop that guy with a claw for a hand

Go Mr. Gadget with the master plan

Inspect the scene of the crime

Don't make me, but I'll hit ya with a go Gadget rhyme

When there's a problem in your town go Gadget now

If your in trouble there's no doubt he'll work it out

Inspector Gadget, oh

If ya do the crime you're gonna do the time

Inspector Gadget, oh

When he's on the case ya better hide your face

Inspector Gadget oh

The city's only savior

Inspector Gadget, oh

He's number one

Now who's that man with a master plan

To bring peace to the land ya gotta understand

Inspector G's the name and law's the game

He's gotta track down claw 'cos the guys insane

And so he works downtown as a [Incomprehensible]

Looks kinda funny acts like the clown

But he be gettin' criminals lock them in bars

Go Gadget copter jet propeller cars

He jumps up and out of the seat

And bounces higher with the springs in his feet

You know he'll always be around land or the sky

And you know inspector Gadget is a hell of a guy c'mon

When there's a problem in your town go Gadget now

If your in trouble there's no doubt he'll work it out

Inspector Gadget, oh
When he's on the case ya better hide your face

Inspector Gadget, oh
