Alright  
Oh baby  
Alright  
I need some time to get my head round the things you  
said to me  
Thoughts are whirling round my mind  
Al right  
I never knew that I could feel so strong like the way I  
feel for you  
That seemed impossible to me  
Alright

Said oh oh  
I wish that you could see  
Said oh oh  
It's the way it's meant to be - yeah

You're the only one I want at night  
You keep me warm and make me feel alright  
You know that we can work it out  
Coz it's alright  
I only wanna share my life with you  
Cause I love all the things you do  
Cause I know that it's alright

Come on  
You know that I'm a dreamer  
I can change reality  
You know it's good times when we're together - come  
on  
We could take our love around the world  
We could dance upon the sea  
A little bit of work won't be forever  
Come on

Said ohoh  
I wish that you could see  
Said ohoh  
It's the way it's meant to be - yeah

You're the only one I want at night  
You keep me warm and make me feel alright

You know that we can work it out

Cause it's alright  
I only wanna share my life with you  
Cause I love all the things you do  
Cause I know that it's alright

Now I've been sitting here reminiscing bout the way we  
used to be  
And how I want those feelings back because they mean  
the world to me  
So check it  
I've seen around the world climbed the highest heights  
To prove my love for you is real to keep you warm  
through winter  
nights  
Now baby  
I wanna let you know the way you got me feeling  
It's guaranteed to keep me here because we're reeling  
When there's a problem together we can solve 'em  
yo all we gotta do is keep that perfect world revolving

Said ohoh  
I wish that you could see  
Said ohoh  
It's the way it's meant to be -Yeah

You're the only one I want at night  
You keep me warm and make me feel alright  
You know that we can work it out  
Cause it's alright  
I only wanna share my life with you  
Cause I love all the things you do  
Cause I know that it's alright

Oh oh oh oh  
Ooh check it  
Ooh ooh ooh
