It's the things you do
That have made me fall
So in love with you
You can have it all
What else can I do?
Nothin' left to prove
It's the things you do
(It's the things you do)

You touched my love line
So deep inside I
Never thought I'd feel so good
Oh no
No need to hide now
Open up your mind now
Let me make it understood
Because

Nobody ever said to me
All of the things we shared within
Now that I know that you can see
Let me fill you up

It's the things you do
That have made me fall
So in love with you
You can have it all
What else can I do?
Nothin' left to prove
It's the things you do
(It's the things you do)

You and me baby like the A B C
K I S S I N G
Could it be unity
I need like J Hoffa
Romance your body
Work it out, proper

One of the finest,
Things on my mind is
How you make me feel like gold queen Midas

Straight a plus the material I bust
But the things that you do
Keep me up and it's a must

Nobody ever said to me
All of the things we shared within
Now that I know that you can see
Let me fill you up

It's the things you do
That have made me fall
So in love with you
You can have it all
What else can I do?
Nothin' left to prove

It's the things you do
That have made me fall
So in love with you
You can have it all
What else can I do?
Nothin' left to prove
(It's the things you do)

Give me a chance and let me in
There's no need to hide
What's there within
Now that I know that you can see
Let me fill you up
You got that Midas touch
I love you more than enough
For all the things that you do

It's the things you do
That have made me fall
So in love with you
You can have it all
What else can I do?
Nothin' left to prove
It's the things you do
