break away it's your defense  
letting go of what was said  
and do the things  
you know is right for you

when good intentions come out bad  
you make the best of what you have  
and do away, with all that's hurting you

when your world comes crashing down  
just who will be around

take the worst of what was said  
and feel the anger in your head  
but in your chest, it's tearing  $\tilde{f}\hat{\wedge},\tilde{\wedge},\hat{\wedge}$  you apart  
you'd rather sit around alone  
not wonder where it's coming from  
you'd show you care but you've already $\tilde{f}\hat{\wedge},\tilde{\wedge},\hat{\wedge}$   
said too much

take a rest from all the pain  
goes away comes back again  
can't let it go, you've already come this far  
can't control the thoughts inside your brain  
slowly driving you insane  
the little voice inside your head pushes too hard

just what is it you'll do  
when no one's there for you?

take the worst of what was said  
and feel the anger in your head  
but in your chest, it's tearing  $\tilde{f}\hat{\wedge},\tilde{\wedge},\hat{\wedge}$  you apart  
you'd rather sit around alone  
not wonder where it's coming from  
you'd show you care but you've already $\tilde{f}\hat{\wedge},\tilde{\wedge},\hat{\wedge}$   
said too much

[break]

when your world comes crashing down  
just who will be around?

you take the worst of what was said  
and feel the anger in your head  
but in your chest, it's tearing *f* you apart  
you'd rather sit around alone  
not wonder where it's coming from  
you'd show you care but you've already *f*  
said too much

you'd show you care (3x)  
but you've already said too much
