Waking up a new ordeal in the morning
By showing the world who you really are
Feel for yourself what's hidden in your glory
Open the window and let the images fly

Nothing you try to fill by creating a moment
Making room for the sun to burn your fears
Eyes are open all the time to see who's shocking
Every now and then, someone is losing control

All in all we are about to fall
In love with perfect harmony

Inspiration is the key to unlock your vision
Open your heart for a purple haze of love
Life's too short, so don't cut off the edges
Write your lines and be on time.

All in all we are about to fall
In love with perfect harmony

There's a road to hell
A flight to heaven
And we live to feel
What it's all about

All in all we are about to fall
In love with perfect harmony
