I can make it bounce bounce
I can make it bounce bounce
(Baby you sexy let me get up on it now now)
I can make it bounce bounce
I can make it bounce bounce
(you moving to fast girl you got to slow it down now)
I'm a dancing machine and I'm out of control
It's a system malfunction any second I will blow

My moves are so lethal
(you may not wanna get too close)
There's no way you can stop me cause I'm on a roll
I'm a beast the way I move
Step to me and you will lose
I ain't playing no games on the floor
My bodies a equipped with the latest weapons
I can drop it down on you any seconds
Never gone stop till you learn your lesson
Ring the alarm cause it's getting hectic

I can make it bounce bounce
I can make it bounce bounce
(Baby you sexy let me get up on it now now)
I can make it bounce bounce
I can make it bounce bounce
(you moving to fast girl you got to slow it down now)
I'm a dancing machine and I'm out of control
It's a system malfunction any second I will blow

I can scope you with my infer red beam
My hips keep shooting like a M-16
I gotta extra clip if you wanna battle
I never run out of my artillery (X2)
(Nooo)

You can't handle it you can't handle it
There's no way you can dismantle it (X4)

I'm the tin man with the oil can let me spruce up
and i surely will dance don't begin to doubt as I spit it
out my mouth
like drake said from fitting in to surely standing out

intense and rough she scuffed, shes had enough
my body's getting hot cant control is no bluff
exterminate in red I'm finna lose my head
mission abort all the facades are dead

I can make it bounce bounce
I can make it bounce bounce
(Baby you sexy let me get up on it now now)
I can make it bounce bounce
I can make it bounce bounce
(you moving to fast girl you got to slow it down now)
I'm a dancing machine and I'm out of control
It's a system malfunction any second I will blow

I can make it bounce bounce
I can make it bounce bounce
(out of control)
I can make it bounce bounce
I can make it bounce bounce
(I'm gonna blow)

You can't handle it you can't handle it
There's no way you can dismantle it (out of control)

You can't handle it you can't handle it
There's no way you can dismantle it (ohh yeah)

You can't handle it you can't handle it
There's no way you can dismantle it (no way)

You can't handle it you can't handle it
There's no way you can dismantle it (I will blow)
