Now we spittin' fire on the mic  
Bout to show you something that you like  
Look at NU'EST, quite the sight  
Like Mohammad Ali in a fight  
NU, Establish, Style, Tempo

Now is the beginning of our show  
So nod your head to the flow

#### ENGLISH TRANSLATION

Now we spittin' fire on the mic  
Bout to show you something that you like  
Look at NU'EST, quite the sight  
Like Mohammad Ali in a fight  
NU, Establish, Style, Tempo  
Abbreviated to NU'EST  
Now is the beginning of our show  
So nod your head to the flow

Open your ears, open your eyes  
It's time to create something new  
No one will block us, this is our show time  
Those who are fearless, from now on,  
Watch over our days - watch over us  
The completely new NU'EST
