V1

caught in a web of lies,
blood a sight for sore eyes,
sucreet blue and crimson,
you'll bleed tonight.

Breakdown

spill,
for me
set,
you free,
bleed for your life

spill for me,
sets you free,
makes you bleed,

V2

take my hand show me the way,
broken wings can fly again,
sucreet blue and crimson,
you'll bleed tonight,

Bridge

touch my lips i can feel again,
hold me close just to let me in,
take my hand show me the way,
broken wings can fly again.
