burn all my lies to dust,  
the truth is lost in me,  
cut me down and open me,  
set the truth free.

kill the voices in my head,  
so much better since you left,  
you let me hang!!!

as our freinds fall tonight,  
(you exit this life)  
will you be my guiding light,  
as our freinds fall tonight  
(for its your fate)  
my darling you'll neverwake!
