

## Of Monsters And Men "Rapture Rapes The Muses"

You hit me so hard like a Wong Kar Wai beginning  
I'm exploding in smiles my equilibrium is spinning  
Rapture rapes the muses  
but you don't notice till it's kissing you  
Rapture rapes the muses  
and the void that's left confuses  
It's confusing  
You keep me lit like antediluvian Troy  
But one always reveres what ones bound to destroy  
Gloomy Erebus is an anathema to me  
All of them dancing like flames and the sad enmity  
I wonder if I understand.  
Am I too young to understand?
