

Of Monsters And Men "Slow And Steady"

The lights go out, I am all alone
All the trees outside are buried in the snow
I spend the night dancing with my own shadow
And it holds me
and it never lets me go
I move slow and steady
But I feel like a waterfall
Yea I move slow and steady
Past the ones that I used to know
My dear old friends
Take me for a spin
Two wolves in the dark
Running in that wind
I'm letting go
But I've never felt better
Pass it by
All the monsters in my head
And I move slow and steady
But I feel like a waterfall
Yea I move slow and steady
Past the ones that I used to know
And I'm never ready
Cuz I know, I know, I know
The time won't let me
Show what I want to show Oh
And I move slow and steady
But I feel like a waterfall
Yea I move slow and steady
Past the ones that I used to know
And I'm never ready
Cuz I know, I know, I know
That time won't let me
Show what I want to show
