What's inside  
Far away, separation  
I don't know now  
Looking back far away  
Falling down inside  
I'm so helpless  
I want you under  
I want you on my side  
You said to me "I want you on my side"  
I knew just what to say  
I did it all for you  
For you  
What's inside  
Far away, separation  
I don't know now  
Looking back far away  
Falling down inside  
I'm so helpless  
You are the one  
Why am I not the only one  
Decide what you want from my friends  
Someone I know why  
Decide to stay right now this time  
Someone I know why  
Then you walk away  
I know what it's like  
Watch me fall away from you  
Then you walk away  
So very far from you in a softer way  
I know it's like  
I want you when on my side  
I know what it's like  
I know it's like  
I want you where by my side  
To save me from myself again  
Far from you  
Stay down
