For now I'll just push my feelings aside  
Not to worry it'll be alright  
Now I'll just rest from the world that it here  
And what it has for me

For now I'll just push my feelings aside  
Not to worry it'll be alright  
Now I'll just rest from the world that it here  
And what it has for me

I know what you want  
I know what you need  
But I can't give it  
I can't give it

Yea, you walked away  
Yea, now turn and look at me  
That's okay I said it I'll say it again  
You want it right now  
Its alright I know everything's okay  
While you're here with me

Yes I know it  
So answer me right now  
I'm so sorry  
I'm so sorry

We'll find our own way out  
So take my hand  
Decide our own way  
Just you and me now

Yes I know it, right now

Thats okay I said it I'll say it again  
You want it right now  
Its alright I know everything's okay  
While you're here with me

Falling inside this time  
Falling inside  
You want it right now

Don't walk away  
I'm here today

Falling inside this time  
Falling inside  
You want it right now  
Don't walk away  
But I'm here today

I know what you want  
I know what you need  
But I can't give it  
I can't give it

Yea, you walked away  
Yea, now turn and look at me  
That's okay I said it I'll say it again  
You want it right now  
Its alright I know everything's okay  
While you're here with me
