Take a look at yourself and see what you become.
He said: When you find yourself in trouble, you just need to carry on.

When people tell you, you changed alot lately. Take a look and see.

Lets grab a coffee on the go and make yourself a move.
He said: I can do this by myself, but I wanna be with you.

Ooh, you don't worry, if you have me by your side.
Let's take a look outside.

We're the sunshine in your eyes, we're the sunshine in your eyes.
We're the sunshine in your eyes, we're the sunshine in your eyes.

Put your hands around my neck and hit me with your best.
He said: I'll teach me have to love you and teach me have to be missed.

Let the voices turn us into steel, thats just how i feel.
Give me time, give me space, let me memorize that face.
When she told you, she find a way to be. Take a look and see.

We're the sunshine in your eyes, we're the sunshine in your eyes.
We're the sunshine in your eyes, we're the sunshine in your eyes.
We're the sunshine in your eyes, we're the sunshine in your eyes.
