VERSE 1:

She's the summer time heat even colder than the
Russian winter
The things i would do just to get with her
them blue eyes with the dark shade in the center
A captivating view kinda like massarosa itala
Am telling ya
I will cater to all her needs,girl i will take ya
To a sensual place much greater
Than one you've ever been x2

CHORUS:

Beautiful doll
I want you in my world
because i find you captivating
and i don't want to stand here waiting
there's no one else replacing
the feelings i get when i see you

VERSE 2:

Them gold logs of hair
shine so bright when i draw on near
A world of cares just seem to disappear
when i set eyes on you everything stops but your
crystal clear
Words cant seem to express
the feelings i get
when i see your face i cant reject
the need to confess
how i obsess
about your gorgeous smile in excess

BREAK DOWN:

when it comes to you there's no nexts
because your vibe is oh so electric
she got me drawn , she got a hold on me
and i cant seem to let it go
