Venus lover so complete
bittersweet, a sight to see
it was
baby it was

Kali, Inti, in quartz creeks
mushroom trips on mountain peaks
it was
baby it was

cause I can only be the man I am
I, you know I can, only be the man I am
I, you know I can, only be the
only be the
only be the

softly sweetly in the sheets
a jealous lion on the streets
she was
baby she was

cause I can only be the man I am
I, you know I can, only be the man I am
