Letting go, feeling the flow
Took a lifetime just to get to you'Â€Â”
I could see you talking when you walked in
With your best friend on your arm'Â€Â”I was shy, didn't
know why
'Â€Â”But I got through it in a matter of time
Soon we started moving, so I moved in for the kiss
'Â€Â”I felt your lips and then I said
"Why don't we go home together?
Cause I don't wanna sleep alone
I'm feeling you could use some healing
If you're hurting I can help you if you let me
So why don't we just leave forever?'Â€Â”Baby we're
invincible
Let me see you let go

Hey you, you're the only one I'm thinking of
Hey you, you're the only one'Â€Â”
Tell me, when did it happen?
When did you stop listening to your friends?
They think I'm a bad guy'Â€Â”I don't know why
Thought my smile hides every thought running through
my mind
But you got it and I want it
Why do you got to flaunt it?
If you know what you want
Then make your way to the front door'Â€Â”"
Why don't we go home together?
Cause I don't wanna sleep alone
I'm feeling you could use some healing
'Â€Â”If you're hurting I can help you if you let me
'Â€Â”So why don't we just leave forever?
Baby we're invincible'Â€Â”
Hey you, you're the only one I'm thinking of
'Â€Â”Hey you, you're the only one'Â€Â”
You got elegance and style
You show it off with a playful smile
Our friends are here and they're getting loud'Â€Â”
Everyone is screaming out

Hey you, you're the only one I'm thinking of

Hey you, you're the only one
