3am, I'm never sleeping
Staring at the same crooked ceiling
'ÄThe fan I'm feeling, wounds ain't healing
No, nothing beats going hungry
Finally I find it kind of funny
I need more money
I just need money
I'm not afraid to fly, I'm just afraid to fall
After all I'm gunna be the face of rock and roll
Do you believe in love?'ÄDo you believe in anything
at all?
When it comes around I never get too far
'ÄTake it or leave it
Love it or lose it'ÄIf I only knew you well
Maybe I could tell
Another day coasting through the old motions
Toss it in and wish it well
Waiting for the sound'ÄBut it didn't really sound
like you
It's better when it sounds like you
'ÄI walked across the land to find that what I had
Was better than what I was looking for'ÄI dreamt a
wild ride
'ÄThe train derailed somewhere inside my mind
So once again I was falling in with a broken smile

Take it or leave it
Love it or lose it
If I only knew you well
Maybe I could tell
Another day coasting through the old motions
Toss it in and wish it well
Waiting for the sound
But it didn't really sound like you'ÄIt's better when it
sounds like you
'ÄDon't let it all stack up till the weight's unbearable
When you hit the coast and you crack the code
You got to let the whole world know
Don't let it all make you
Feel you're falling in a wishing well
When your only option is to walk the road

I hope you find your way back home

Take it or leave it'Â€Â” Love it or lose it
If I only knew you well
Maybe I could tell
Another day coasting through the old motions
Toss it in and wish it well
Waiting for the sound
But it didn't really sound like you
It never really sounds like you
