I'm looking back
I'm looking deep inside the picture frames
They still remain the best times
I never had
I never had a lot to say to you
Wish I knew what I do now
This habit I'm working on
I'm trying to break it
Found love and I lost it
Just felt that moment escaping
It's not a material
It's nothing that you can see
You're sleeping alone
Lying in bed just wondering

If I'm moving along
I'm thinking of you
I hope that you know

That you are gold
You are gold
I'm telling you now cause you've never been
told
You were gold
You are gold
Somebody's going to you

Another day
Another day with no one touching you
Oh touching you the same way
You used to be
You used to be a part of everything
But now you sing alone
It's the look in your face
The smile that you wear
Something inside is hurting but you will never share
You're the one that I don't see anymore
If I got to say what I never got to say it would be

Oh I'm moving along
I'm thinking of you
I hope that you know

That you are gold
You are gold
Iâ€™m telling you now cause youâ€™ve never been
told
You were gold
You are gold
Somebodyâ€™s going to you

Somebodyâ€™s going to find you
Somebodyâ€™s going to find you

Oh Iâ€™m moving along
Iâ€™m thinking of you
I want you to know

That you are gold
You are gold
Iâ€™m telling you now cause youâ€™ve never been
told
You were gold
You are gold
Somebodyâ€™s going to you
