Verse 1:

Ain't been yet
Gotta get inside
cause I ?
created by the curves and the thighs
not acting like myself
fuck all the lies
condoms on the night stand
im ready to cut ties
lets stay in this motel for eternity
i dont want maternity
neither release the fire
thats burning me up
whats in your cup
baby if u want ill refill it up
all my best friends keep telling me to fall back
sleeping by the phone
waiting for your call back
stomach in knots
naw it aint all bad
gotta be love
if not we should call that
only got an hour
everything is time and love
digging nails in to my back
your spine hit the rug
move your thong to your ass cheeks
my palms lift em up
like the incents and candles
for the ambiance
when i watch you is it obvious
the people in the porno like to copy us
call me after work baby ill be up
you better call baby
ill be up

Chorus:

I don't know who I am
but I know where I gotta be
(gotta be)
I don't know who you are

but I need you right on top of me
(right on top of me) cause it's just

Me and you
and all I smell in this room
is cigarettes and perfume
cigarettes and perfume
its
me and you
and all I smell in this room
is cigarettes and perfume
cigarettes and perfume

Verse 2:

Only down once
gotta get back in
if those walls could talk
they would start laughin
chucklin
I was such a fuckin fool back then
now im tryin to get the upper hand
don't know what happened
call for the tenth time
finally picked up
said what you doing
I have u picked up
pulled out a cigarette
half clipped up
then she hopped in the whip
had her shit licked up
she said sit up
you laid down
driven so crazy on the freeway now
back to the room where it all began
I ain't the old me
im a whole new man
im a whole new
look at me
I know the rumors all true
Still convinced
Guy that brought you
Got you naked
Yeah I aught to
Your mine baby
you know
I brought you
All those gifts
I need to get inside
need to feel again
need to feel alive

need to feel pain
need to feel something
I only feel something
When I hear you cumming

Chorus 2:

I just want to be loved
Be loved
I don't care about the sex
I just want to be loved
Be loved

Chorus:

I don't know who I am
but I know where I gotta be
(gotta be)
I don't know who you are
but I need you right on top of me
(right on top of me) cause it's just

Me and you
and all I smell in this room
is cigarettes and perfume
cigarettes and perfume
and its
me and you
and all I smell in this room
is cigarettes and perfume
cigarettes and perfume
