When you're dying (dyin) giving up hope  
Living (livin) for smoking dope  
Singing (singin) that same old song  
Yeah yeah yeah it's always the same

When you're dying (dyin) giving up hope  
Living (livin) for smoking dope  
Singing (singin) that same old song  
Yeah yeah yeah it's always the same

I got no  
I got no  
I got no  
nothing in mind

I got no  
I got no  
I got no  
nothing in mind

I was trying a new adventure  
Buying that old peer pressure  
Wasting my mind away  
But I saved it just in time  
No reason I was going mad  
I was hating my mom and dad  
Riding a sinking ship  
Thank god I never slip

I got no  
I got no  
I got no  
nothing in mind

I got no  
I got no  
I got no  
nothing in mind

When you're dying (dyin) giving up hope  
Living (livin) for smoking dope

Singing (singin) that same old song  
Yeah yeah yeah it's always the same

When you're dying (dyin) giving up hope  
Living (livin) for smoking dope  
Singing (singin) that same old song  
Yeah yeah yeah it's always the same

I got no  
I got no  
I got no  
nothing in mind

I got no (dope)  
I got no (dope)  
I got no  
nothing in mind
