There's a war going down between my brothers
tonight,
I don't want no war going down, going down tonight.

Stop this war
Stop this war

Civilization? Ha! I call it as I see it.
I call it bullshit, you know, I still cannot believe it
Our evolution now has gone the way of hate
A world evolved resolved in this stupid fate

Stop this war
Stop this war

All so different yeah, I say we're all the same
All caught, you know, in the division game.
Self destruction fast impending like a bullet.
No one can stop it, once it's fired, no one can control it.

Stop this war
Stop this war

A final word, wait it's not a call to action
We ain't no sect, no, this ain't no fucking faction.
Unity, unity, unity you've heard it all before.
This time it's not exclusive - we want to stop a war.

Stop this war
Stop this war

Ain't nothing wrong with another unity song
Ain't nothing wrong with another unity song
Ain't nothing wrong
Ain't nothing wrong
Ain't nothing wrong
Ain't nothing wrong with a unity song

Stop this war
Stop this war

Unity, as one stand together

Unity, evolution's gonna come
