[Verse]

Yea yea yea

I wanna know one thing

One thing

One time girl

Why can't we never get along why is that so hard

You always scratching biting why we always fightin

Thats all I wanna know cuz im tired of being mad

I dont wanna be alone I know you dont either

Mann we be hot as a fever damn

You be trying to play mind games talkin bout how you  
figured out my game

Now all of a sudden im lame

How many niggas in the building feel my pain

She like you a trip boys be lying here she go again  
categorizing

She forgetting the king I even offered a ring but she  
denied that

Now my eyes wet and I hide that cuz if my homeboys  
see they'll think that im whack

And I dont really care see shawty was my air and ain't  
no point in breathing if she gone

Can't believe im alone after all this see the world's a  
big tank and ima small fish

Lonely

Martin had a dream of peace me? I had a dream that  
she was on me

So I gotta little lesson

Confession

Question

Can I ask it and I might be embarrassed

But I just gotta say that and that is

[Hook]

Why is it that all the things that I do all revolve around  
you

Yea this is so true all the things that I do they revolve  
around you

They revolve around you

Why is it that all the things that I do

All revolve around you, you know that this is so true

They all revolve around you they all revolve around you

Yea the things that I do  
Lets go
