It never really ever goes away
It just gets easier to cope some days
Just when you think you're doin' fine
It creeps back into your mind
And here it comes again

It never really ever goes away
Just turns from blue to different shades of grey
It's a weight around your heart
It finds you in the dark
In every whisper of the wind

Oh heaven help me Lord I pray
Take me to a higher place
Cause I don't think I can go on
Knowing that you're gone

It never really ever goes away
I just pretend to friends that I'm okay
Cause there's nothing they can do
To stop me from missing you
No amount of time can erase

Oh heaven help me Lord I pray
Take me to a higher place
Cause I don't think I can go on
Knowing that you're gone

It never really goes away
I close my eyes and I see your face
Oh heaven help me make it through
One more day without you

Cause it never really ever goes away
It just gets easier to cope some days
Just when you think you're doin' fine
It sneaks back into your mind but it never goes away
