

O.S.I. "Hit The Ground"

Visit "[Hit The Ground](#)" on MotoLyrics.com

I thought I could break the sound barrier just by trying
To hit with focus and at random and never dying
A waterfall flowing upstream only human
I thought I could break the sound barrier

I'm only stopping for heavy breathing
I'm only stopping to hit the ground
Only stopping to regain feeling
I'm only stopping to hit the ground

Keep my head up keep swinging and it'll come back to
me
A boomerang exploding I'm dancing in the karma seat
The tin ball fizzled pin prick and it's so free
I thought I could break the sound barrier

I'm only stopping for heavy breathing
I'm only stopping to hit the ground
Only stopping to regain feeling
I'm only stopping to hit the ground

I'm only stopping to heavy breathing
I'm only stopping to hit the ground
Only stopping to regain feeling
I'm only stopping to hit the ground
