Give us a name  
So we know where we're starting from  
Focus the wave  
Between the cars  
Under the sun

Floodlights on the rail yard hold you, hold you like  
Headlights on the highway pull you, pull you  
But no one turns them off  
No one turns them off like you do

Under cover of night  
We go up the river side  
Show us your hands  
As we come again  
The invisible man

Starlight on the railway  
Holds you, holds you like  
Headlights on the highway pull you, pull you  
But no one turns them off  
No one turns them off like you do

If all we have is time to cover for  
You've got secrets keep your secrets don't we all  
I'm trying to shake these pictures but I'm losing  
Over bridges under tunnels keep it moving

Careless causes heaven's gonna  
Burn a hole beside my bed  
Time moves slow so tap the tempo  
Frozen on the string you broke  
Houseless haunted voices gonna  
Shake the cup beside my bed  
Sound move slow so tap the tempo  
Stretched out on the string you broke

If all we have is time to cover for  
You've got secrets keep your secrets don't we all

Under cover of night

We go up the river side  
Show us your hands  
As we come again  
The invisible man
