Visit "[On My Mind](#)" on [MotoLyrics.com](http://MotoLyrics.com)

When I'm on the road, steady doing show  
Busy on my music ground  
While I'm in the studio, I think about us  
You're the reason why I'm singing this song  
Because you stay on my mind,  
You stay on my mind, all the time  
All the time

Baby I was supposed to be heading home the other day  
But something's come up and I gotta stay longer  
But girl I hope you understand some things that just  
don't go as planned  
But girl this is the been this, cause I've been this  
I gotta do what I gotta do to stay in this  
Oh, I just hope you gonna be down  
Even when I'm not around

No matter girl I'm thinking about you  
I can't wait to get back home to be around you  
I'm doing this for me, for family  
And I'm doing this for us, no matter what  
I need you to trust

When I'm on the road, steady doing show  
Busy on my music ground  
While I'm in the studio, I think about us  
You're the reason why I'm singing this song  
Because you stay on my mind,  
You stay on my mind, all the time  
You stay on my mind, all the time  
All the time

Babe I know you be worried about those females  
Cause they be hard on my tail  
But you don't have to worry  
Even though temptation is a trip  
It ain't enough to make me slip  
And... forget about my baby...  
You in here since day one, I know you got my back  
So believe me when I say every single day baby girl I'm  
coming back

No matter girl I'm thinking about you  
I can't wait to get back home to be around you  
I'm doing this for me, for family  
And I'm doing this for us, no matter what  
I need you to trust

When I'm on the road, steady doing show  
Busy on my music ground  
While I'm in the studio, I think about us  
You're the reason why I'm singing this song  
Because you stay on my mind,  
You stay on my mind, all the time  
All the time, yeah

You're the inspiration behind all my hits  
You know them bill boys is top list  
And at the award show, I gotta shout out for you baby  
See once I get my money right, I'm a fly you out  
Buy you everything nice, the more you in with me  
You deserve it all, I love you  
Wouldn't be here without you

When I'm on the road, steady doing show  
Busy on my music ground  
While I'm in the studio, I think about us  
You're the reason why I'm singing this song  
Because you stay on my mind,  
You stay on my mind, all the time  
All the time, yeah  
I put that on everything, baby, Mirlmage.
