Waiting for your very own star,
I don't wanna be the one to say it.
I don't wanna be the one to make you,
Take it so bravely.
How am I supposed to feel when you're gone?
I don't wanna see you live like this for long,
To live this way is wrong.

Crimson is on the floor and falling,
Losing your silent war.

Go and find your freedom now,
Now it's your time to break away.
There's nothing I can do to make you stay,
Go and find your fury now.
Now it's your time to let it out,
Never look back, don't turn around.

Slowly but surely,
I just wanna help you find your way home.
I don't wanna see you laid out to the bone.
You know you're not alone.

Crimson is on the floor and falling,
Losing your silent war.

Go and find your freedom now,
Now it's your time to break away.
There's nothing I can do to make you stay,
Go and find your fury now.
Now it's your time to let it out,
Never look back, don't turn around.

Crimson is on the floor,
Losing your silent war.

Go and find your freedom now,
Now it's your time to break away.
There's nothing I can do to make you stay,
Go and find your fury now.
Now it's your time to let it out,

Never look back, don't turn around.

(Crimson is on the floor) Don't turn around.

(Losing your silent war) Don't turn around.

(Crimson is on the floor) You're free right now.

(Losing your silent war) You will be found.
