No I don't apologize for taking back the life that I  
deserve  
It's like we took a thousand pictures just to watch them  
burn  
And with every moment wasted, it doesn't feel like  
anything was learned  
After the fall

I'd rather be blind than to see your eyes  
I'd rather be deaf than to hear your lies  
I'd rather be broke than to sell my soul  
I gave you my all, but you'll never know

No, I'm not gonna hurt anymore  
I've already walked through the door  
All of this time, could've moved on,  
Should've known better than this  
And I hope it hits you right between the eyes  
I don't apologize

And I don't apologize for all the times you said that I  
was wrong  
You scattered all the pieces, you couldn't just leave  
good enough alone  
And with every step you're taking, it's cutting even  
deeper to the bone  
We could've had it all

No, I'm not gonna hurt anymore  
I've already walked through the door  
All of this time, could've moved on,  
Should've known better than this  
And I hope it hits you right between the eyes  
I don't apologize  
I don't apologize

I'd rather be blind than to see your eyes  
I'd rather be deaf than to hear your lies  
I'd rather be broke than to sell my soul  
I gave you my all, but you'll never know

No! I'm not gonna hurt anymore  
I've already walked through the door  
All of this time, could've moved on,  
Should've known better than this  
And I hope it hits you right between the eyes  
I don't apologize  
No, I don't apologize  
I don't apologize

It's like we took a thousand pictures just to watch them  
burn
