There's no way to stop the burning,
You can't control the yearning now.
I hear you now, I see you now, I feel you now.
It feels like you're always aching,
And pushed to the point of breaking down.
I hear you now, I see you now, I feel you now.

Scream loud for your lovers, scream!
Scream out for each other, scream!
Scream now for your brothers, scream!
And everyone, can you hear me now?

You can't escape the feeling,
You must embrace the healing now.
I hear you now, I see you now, I feel you now.
So now we will find a way,
To reach for a brighter day.
And I hear you now, I see you now, I feel you now.

Scream loud for your lovers, scream!
Scream out for each other, scream!
Scream now for your brothers, scream!
And everyone, can you feel me?

Scream with me now!
Bleed with me now!
Get free with me now!
Now! Now! Now!
Now! Now! Now!

So now we will find a way to reach for a brighter day,
'Cause you're not the only one staring into the sun.

Scream now!

Scream loud for your lovers, scream!
Scream out for each other, scream!
Scream now for your brothers, scream!
And everyone, can you hear me now?
Scream loud for your lovers, scream!
Scream out for each other, scream!

Scream now for your brothers, scream!
And everyone, can you feel me now?

Scream!
Can you feel me now? Scream!
Can you feel me now? Scream!
Can you feel me now? Scream!
Scream! Scream! Scream!
