Everybody dream about the money and cars and
clothes and all that
Before you think Outasight happened overnight homie
you better fall back
These years in the making took a whole lotta work with
a whole lotta meetings
I ain't ever get a call back, never was a drawback,
Even with the short stack I was all in

I'm hustling, I'm busting in
What you think of me, I'm not interested
I shine, you shine, I'm so damn tired hearing about yo
grind
We all got bills and we all like to chill
But sh*t gets real when accounts gets ill

I played this straight
I got good karma
Don't cheat, don't steal
Don't cause no drama
And for the all the actors who wanna be artists,
Wanna be the hardest, y'all just the farthest
Thing from honest, I don't get bothered, I'd rather be
modest

Riding riding riding riding round the city
I got my windows down and I wanna take you with me
So go and close your eyes and say the world is mine
I think it's 'bout that time that everybody shine

Shine your light
Shine your light
Shine your light on the world
Shine your light
Shine your light
Shine your light on the world

Rolex my time is right, think it's time I go shine my light
Skateboard my grind is right, hey girl you need to
come find a light
Ride it tryna find it, need a bad chick I get behind it

And my swag is sick you been reminded smoke with
me, royal heinous is us
Royal flush I'm just playing with these n*ggas like it's
f*ckin' toys r us
Boy I'm plush, and my seat back so just keep that,
everything is fine
We done seen hate but that's a lean face we gonna
shine
Now all these pretty hoes is hitting up my line
And I'ma have to find a way to make her mine
My secret panty droppin' weapon is the wine
What happens next is for another time, we'll be fine yup

Riding riding riding riding round the city
I got my windows down and I wanna take you with me
So go and close your eyes and say the world is mine
I think it's 'bout that time that everybody shine

Shine your light
Shine your light
Shine your light on the world
Shine your light
Shine your light
Shine your light on the world

Oh so shine your light oh so extra bright
Make sure you find yourself before you're found
Outasight
Took a long while, didn't always come easy
Had some good friends, girlfriends who didn't believe
me
This ain't no victory lap, I don't sleep I don't nap
I'm just tryna do me and now you see where I'm at
So you should go and try and try and do the same
And take a ride with me down this memory lane, damn

Riding riding riding riding round the city
I got my windows down and I wanna take you with me
So go and close your eyes and say the world is mine
I think it's 'bout that time that everybody shine

Shine your light
Shine your light
Shine your light on the world
Shine your light
Shine your light
Shine your light on the world
