Operator operator please.  
I think my brain has got a disease.  
Operator operator please.  
I don't like when people see my knees.  
I'll twist and shake into a childish fit.  
I'll show you what it's like to be a delinquent.  
Operator operator please.  
I think my brain has got a disease.

Violated mr you just lied.  
Liar liar mr my oh my.  
I'll reprogram and then I'll flick the switch.  
No you're becoming a disco bitch.  
I'll say it twice then I'll say it again.  
Oh no I lied so we'll just pretend.  
You're stupid so you need to take some action.  
I'll read a magazine to see what's in fashion.

Oh no oh no crash tragic oh no.  
Oh no oh no crash tragic oh no.

\*scream\*

Oh no oh no crash tragic oh no.  
Oh no oh no crash tragic oh no
