Disappear, disappear (are you invisible)
Yellow light, yellow light (and now the cup is full)
Full of hearts, full of hearts (full of he-arts)
Yeah you wish it was
Full of hearts, full of hearts (full of he-arts)
No time to spill no blood

You want an explanation (you want an explanation)
Well I can't be bothered to explain myself (explain myself)
She said, she said, she said, she said, she said (she said, she said, she said, she said, she said)
I hope you get the clap and die

I hope I hope you got the most
'Cause you'll be kissin' this ghost
This time around
This time around
I hope I hope you got the most
'Cause you'll be kissin' this ghost
This time around
This time around

Fingers crossed, fingers crossed (your hands behind your back)
Wink your eye, wink your eye (you're on an angle now)
Full of hearts, full of hearts (full of he-arts)
Oh yeah you wish it was
Full of hearts, full of hearts (full of he-arts)
No time to spill no blood

Let's move in syncopation (let's move in syncopation)
I can't even syncopate myself (pate myself)
He said, he said, he said, he said, he said (he said, he said, he said, he said, he said)
I think we're running out of time

I hope I hope you got the most
'Cause you'll be kissin' this ghost
This time around
This time around

I hope I hope you got the most
'Cause you'll be kissin' this ghost
This time around
This time around

I've been running low on others
You've been holding
Take a-nana
I've been running low on others
You've been holding
Take my pride

I hope I hope you got the most
'Cause you'll be kissin' this ghost
This time around
This time around
I hope I hope you got the most
'Cause you'll be kissin' this ghost
This time around
This time around

Take my pro-owl!
