Verse 1

"East london, in a victoria park,
I was waiting for you all these time in the dark.
texting you on your mobile phone,
saying 'where are you? my baby girl!'.
but you didn't even text back.
i was getting scared.
I was thinking that your going away,
babe, there's nothing to be scared off,
cause im with you, this ain't no set-up.
people thinks that this is a game,
why would you believe them? when this ain't a game?
I would never do that, cause this is just insane.
I just want to talk to you,
for all those times, I cared for you.
baby, i will never ever lie to you,
I just want to spit the truth to you,
Just to you baby.
Too my baby."

Chorus (1x)

"Where ever you go.
What ever you do.
I will be right here waiting for you.

What ever it takes,
or how my heart breaks.
I will be right here waiting for you.

Verse 2:

"All these times, I was crying for you,
All these times, I was dying for you.
babygirl, I was praying for you,
for our dreams to come true.
We're both lookin' at the star,
(crying), for our love not to tear apart.
I wanted your special love from your heart,
So, I can live on longer then that.
Did anyone tell you that you're a miracle?
Gods Special Creation, made for lovable,
this ain't no optional, made for lovable,
so kissable, huggable & lovable.

These memories are un-forgettable.
That's why, I want you all my life,
keep you happy, love you all my life.
Never let you go,
want to be with you all my life."

Chorus (1x)

"Where ever you go.
What ever you do.
I will be right here waiting for you.

What ever it takes,
or how my heart breaks.
I will be right here waiting for you.

Verse 3:

"Hearts keeps on telling that your special to me,
babygirl, why would you go far away from me?
I wanna show ma love to ma baby,
never let you go, call you ma wifey,
i can even call you ma lady.
I can make you a queen,
& I can be your king.
I promise to keep you a princess,
I promise not to be heartless.
Your love means soo much to me,
don't be like this, don't destroy me.
I wanna be your romeo,
and you can be my juliet.
Lets show the world what we are,
don't worry- i'll be there for ya,
babygirl, i will be lovin' ya,
let me show ma love to ya,
if you want a marriage? i'll marry ya. (Echo: i'll marry ya
2x)

Chorus (2x)

"Where ever you go.
What ever you do.
I will be right here waiting for you.

What ever it takes,
or how my heart breaks.
I will be right here waiting for you.
