Back there, knuckle heads, nothing for you bucket
heads
Got my cheese, got my lettuce, now I need my fucking
bread
Once a babyâ€¦ boy I'm hot, I've been â€¦ keep my
mind on my money
and my eye on the sparrow
mama I'm the coldest, just â€¦ pay roll
feeling like I'm Moses fly it in a â€¦
Tired of all you boses, tired of all you weirdos
Tired of all you fuckers leaving make up on my pillows
Shut up my latinos, let's count these â€¦

Look at all these whose, no, look at all these â€¦
I do have the shows, I got cheese like â€¦
Hello world, hello girls, hello fans, hello haters
We the holy celebrating, number one, one
No they can't stop us, they can't fade us
they can't drop us, they can't break us
We gonna break this motherfucker till we're done
Cooler than anti freeze, damn it these rappers need a
better scene
Happening since the ..had a dream,
Cooler than anti freeze, damn it these rappers need a
better scene
Happening since the ..had a dream,
Cooler than, cooler than, cooler than, cooler than,
cooler than,
Let yo all buy in place then we take them home
Sean Paul and â€¦ is all they take take bone
Sat back keep game then we break the code
This' the type of fire can't control
Play the world, shake them all
Now it's all grizzly, keep â€¦ Brooklyn now I'm all â€¦
Ricky .. flashing on point Ashley
Coming up I was influenced by some â€¦
Homie got them action figures, homie you can't match
the figures
You ain't really that tough, homie that's the liquor
â€¦ talking fast like you got the twister
Give a fuck about I go bang their sister

another blunt rapping twister, another story told
a new motel packed that play that â€¦
coming through your audio, switch it like a audible
run it like it's cardio, take it to the body yo
Cooler than anti freeze, damn it these rappers need a
better scene
Happening since the ..had a dream,
Cooler than anti freeze, damn it these rappers need a
better scene
Happening since the ..had a dream,
Cooler than, cooler than, cooler than, cooler than,
cooler than,

Listen, I ain't about drama so I flip my peace sign up
This is south beat but I grew up on east sidrs
â€¦ popping like we got the grease right up
Looking for a atl â€¦ own me 5 bucks, eyes up, eyes up
That is not my wallet miss, yeah,
I'm big headed but don't make it so obvious
I'm traveling the globe now, working on my politics
Running for head of the state on my barrack
cut your fucking head on the plate on barrack
every first I murder I don't care what the topic is
got a few mistress down in texas that I probably with
all of them is winners and I coast them like â€¦
pop the Chris no wait up, pop that smart â€¦
thing is sober just in case I gotta dive in shark water
lady killer, heart robber, stick em quite and leave them
out released
and I am peaced â€¦ is like a siameze, gone
Cooler than anti freeze, damn it these rappers need a
better scene
Happening since the ..had a dream,
Cooler than anti freeze, damn it these rappers need a
better scene
Happening since the ..had a dream.
