Aye you got friends I got friends too  
No, I did through me young bear hit me  
Had to bring ahead through the cellar but you in school  
Crack the rocks and got you down to your bath and  
body  
Probably in the fast whips Cavalli  
But if it's late night we here to patch lifts and party  
Bad like you ain't to Polly  
Ginger ale for your Henny  
Fly bitches get the turf sale like a Bentley  
Fuck it though, numbers we exchange like the buffalo  
You suck it slow, still low pro like Mrs. Huxtable  
You stuff your shirt, damn, how you sprung like that?  
You ain't never gotta cough 'em when they come right  
back  
Teen Gemini, got the cherries tatted on your upper  
thigh  
Southern fly pimp game made you go and tuck your  
pride  
Now why them niggas copy rocks on sight?  
We could kick it at the pad cuz it's taco night  
I'll play the..

Give me what you got, give me what you got, girl  
Meet me at the spot, meet me at the spot  
I've got Henny on the rocks, Henny on the rocks  
Girl give me give me give me what I need

I found a down chick, someone I can clown with  
Smoke a joint, chill, play it low key and lounge with  
No need announcin' who I be getting down with  
I spend my time browsin', playin' the role of counselin'  
Purp and flame but I'm down with my people, this is  
Nobody's gonna make it good it can fix biscuits  
Self-entrepreneur, she never mix business  
I bang it all so bad, might have to get stitches  
Uh, go babe, go babe  
Be on the team, she done me in the slow lane  
We go again as soon as we take it home, babe  
All on your face, just slurp it just like it's blow, mane  
Pardon me, I get graphic with the rap shit

You bring the beast out of a nigga cuz you attractive  
Uh high fashion, uh lights action  
Double construction, give me that pipe action

Give me what you got, give me what you got, girl  
Meet me at the spot, meet me at the spot  
I've got Henny on the rocks, Henny on the rocks  
Girl give me give me give me what I need

I made you love me, keep me on your team  
I cut hard like runningbacks and niggas from the weam  
Post like thumb text, you know my team  
I've seen you and your home girls, y'all do the same  
thing  
Right? Keep that pussy tight, keep that pussy right  
though  
Have a movie night, watchin' Boogie Nights yo  
Man, we do bathroom sex  
20 minutes, we ain't left the bathroom yet  
It's just me and my bad bitch catching wet  
The ball went through the net as I got some neck, swish  
We stop for a bit, what she got to do  
Then went right back when that nigga move  
Don't forget about me, you will never move  
Forever true, signed Big Mibs in my letter too  
Yea yea

Girl give me give me give me what I need

Give me what you got, give me what you got, girl  
Meet me at the spot, meet me at the spot  
I've got Henny on the rocks, Henny on the rocks  
Girl give me give me give me what I need
