"Pyre"

Follow the embers into cities of dreams
What you'll be seeing is not all what it seems
Dawn of the liar
Future's a pyre

Outside the window I see people passing by
If they could see me now they'd break down and cry

Look down your senses
Await the gritting beyond
And in the morning...

Born as a failure
And died as a stranger

When your country's bleeding while you're forced to
mourn

Outside the window I see people passing by
If they could see me now they'd break down and cry

"Bring me back again"
