Suit up ready to hit this sucker tonight  
Listen up king tut, Ace's all out insight  
Insults backhand threats earache my eye  
Livid raving slogans, stolen, stricken blind

He's not reason, Never listened  
Your in season, give me crimson

Gut wretch, fall back ground with a boot to the head  
Blistered fingers crawl like the walking dead  
He'll hone in and find where ever you hide  
Buck 60lbs sucker with drama in mind

(Well) I'm ready for your lies  
You're just a sad hate crime
